WHO WE ARE

Forest School Camps (FSC) is an outdoor educational charity, which creates opportunities for people from all backgrounds and of all abilities to live together in communities, away from towns and cities. We run camps under canvas throughout the year to give everyone the chance to unplug from their everyday lives and use the outdoors to create a sense of community, whilst connecting with the natural environment.

ORIGINS

FSC draws its roots from the original 1930s Forest School, an alternative school based first in the New Forest and later in Norfolk. The school drew its philosophy from progressive educators, the Woodcraft movement, First Nation Americans, and Quakers, amongst others. Special importance was attached to the experience of children and adults, learning to work and play together close to nature. FSC began in 1947 when former pupils and staff came together, keen to develop and pass on the ways, values and spirit of Forest School, which by then had closed. The organisation has extensive experience in this field and its expertise in outdoor education is widely recognised.

HOW WE WORK

A voluntary organisation now 70 years old, FSC is very different to a commercial holiday company, as everyone working to make this amazing adventure happen does so voluntarily. All our staff, both at camp and running the organisation, are unpaid, trained volunteers, with DBS checks. Many staff camped as children and have continued to volunteer because the experience of being part of community living in a natural context remains an important part of their lives. The philosophy developed at camp is also practised throughout the administrative organisation of

FSC. The organisation is run through regular council meetings attended by FSC staff, and decisions about the charity are made by consensus. Our approach to education focuses on learning by doing: discovering for oneself how to do something, rather than being told in the abstract. Children and staff find themselves in situations that encourage this: the outdoors demands and encourages learning, resourcefulness, teamwork and respect. Children are able to discover how to use the natural environment to meet their needs, without electric lights and cookers, mobile phones or social media.

FSC is determined that all people be treated equally and have equal opportunity, regardless of age, gender, sexual orientation, ethnic origin, religion or disability. Camp is great fun, though at a practical level it can also be cold and wet, and often dirty. Despite this, many people camp again and again and again. Join us to find out why!

CAMP LIFE

Most of our summer, Whitsun and Easter camps are standing camps. This means that they are based at one site. Small camps may have between 25 and 35 children on them, and large camps between 60 and 70. At standing camps children acquire the basic camping skills, learning to pitch a tent, to look after their possessions and to keep them dry. They learn to gather and cut wood, to make fires and to cook food. Groups of campers from across the age range - known as clans - take turns in the kitchen to prepare the food for the camp. Staff and children alike, work together so that the magic of camp happens.

Singing, which often happens around a campfire as well as other times, is an important part of camp, sharing songs from generation to generation, camp to camp. Other activities during the camp may include swimming, woodcraft skills, exploring, night walks, country dancing, organized activities in trees and various FSC games. A two to four-day hike, which takes place during the camp, consolidates this knowledge. Each age group goes with its staff for a distance suitable for the age and strength of its members. During the hike the children usually plan, buy (with camp funds) and cook their own meals, with help when needed.

A First Nation American belief is that we will only be in touch with nature if we

'sit and sleep on the earth'. This feeling for the wholeness of life on our planet is expressed in some of our rituals and the names we give things at camp. Many of the traditions have developed out of physical necessity, such as rally (a meeting with everyone sitting in a circle to discuss what is going to happen through the day), the clans and the structure of the day. The end of camp is marked by two major events. At Merrymoot, the whole camp comes together to entertain each other with a mixture of songs, sketches and improvisations. At Lodge Common Council, the campers gather around a formal fire to reflect on the camp, recognise things which have gone well and suggest changes in activities or emphasis for the following year.

DISABLED CAMPERS

FSC strives to be inclusive: we run many camps that are suitable for disabled children or those who require extra staffing support. This year, Camp No:20 The Hodore Hokey Kokey is the camp specifically for disabled campers. We aim to integrate disabled campers into as many of our camps as possible throughout the programme, providing we have the right staff and support to meet their interests and needs. We are more than happy to advise parents, carers or guardians which camp would be the most suitable for a particular child. Email: inclusion@fsc.org.uk

MOBILE & ACTIVITY CAMPS

Activity camps are generally smaller than standing camps, usually with 15 to 25 children. Some mobiles are strenuous, others are easier. See the programme for more details. These are small camps for experienced FSC members who have attended one or more standing camps. This applies even if your child has camped with other organisations - our standing camps impart the basic FSC philosophy essential for activity camps.

NEW CAMPERS

Each year there are some children who are camping for the first time. Staff are aware of this and make every effort to ensure that new children feel at home and secure. Camp is a caring community where everyone tries to be alert to each individual's hopes and fears. The camp organiser will send more information about camp, recommended kit and is the person you can ask for further information about camp as needed. There will be a Parents' Precamps meeting on 21st April 2018 in London for parents, guardians and sponsors whose children are enrolled on spring, Whitsun or summer camps, particularly for the first time. This will be an opportunity for you to meet some of the staff of the camps and to find out more about FSC. Full details of the meeting will be sent to you with your offer of a place in March 2018.

TRAVEL TO CAMP

Children and some staff arrive together at camp travelling by train and/or coach from London, unless otherwise specified. This journey is called 'escort' and is the beginning of camp. If possible children should travel on escort. Escort details will be sent before camp. Where coaches are used for escort, there will be 1 or 2 specific meet-up points where your child can join the escort party on the route. These are usually service stations on motorways. If travel is by train, campers may arrange to join the escorted party at any station at which the train stops, but those doing so will be asked to purchase their own tickets to and from the destination. A travel refund will be made. The camp organiser will communicate where the meet-up points are when travel is arranged.

HOW TO ENROL

Please check that your child is eligible for a camp before applying. We are only able to offer new camp places to children of primary school age. In 2018 this means that potential first-time campers must have a date of birth between 01.09.2009 and 28.02.2012 and must have been registered with us before 30th November 2017.

Please read this section carefully before applying to camp, even if you are a seasoned camper.

You can only apply for camps on the personalized application forms, which have been sent to you. Do not make copies for other people or use another child's forms. Ensure you use the correct postage - A4 envelopes need a "large letter" stamp. Do not send anything by registered post, as it will be held at the sorting office and will delay your application. If you would like us to acknowledge receipt of your forms, you should enclose a stamped addressed postcard or sealed envelope. **DO NOT send any money with your form.** We will invoice you if your application is successful. Please return your forms by Saturday 27th January for Easter camps and by Saturday 3rd February for later camps. If you want to attend the February Caving Camps, please apply as soon as possible

via email. Check the application form for the return address and deadline for each camp. Our camps are over-subscribed and late applicants will be at a disadvantage. However, we place children to ensure that camps are balanced by age, gender and experience, so some applicants applying before the deadline may still be disappointed. Please make sure your email contact details are correct when you return your application. Successful applicants for Easter and February camps will be notified as soon as possible. You should hear by the 3rd week of March whether you have a place on a weekend, Whitsun or summer camp. Places on the October camps will be confirmed later in the year. You can apply for camps in different time periods. However please note we do not offer places to Elves at Easter and children under 12 will be enrolled on either a Whitsun or a summer camp - not both. If you apply for both periods, please indicate which is your first choice. **We cannot guarantee that you will be placed on your first choice of camp.** We will do our best to offer you a place in the same period, but you are more likely to be offered a place if you are flexible in your choices. **Children applying for summer camps in both camping periods increase their chances of being offered a place.** Please tell us on your child's form if brothers and sisters are also applying and whether or

not they want to camp together. We will put siblings on the same camp unless you ask us not to. Where both children request it, we will also try to place two friends together, but not larger groups. **If you ask to camp with a friend we will assume that this takes priority over your choice of camp.** If a child requests to camp with a sibling and a friend we will prioritize placing with a sibling over placing with a friend. At camp, children will join a group based on their age on 31st August 2018. Each group camps separately from the others, so siblings or friends can only share a tent if they are in the same group. The groups are:

Group	Age on 31.08	School Year
Elves	6.6 - 8.11	1, 2 and 3
Woodlings	9.0 - 11.11	4, 5 and 6
Trailseekers	12.0 - 13.11	7 and 8
Trackers	14.0 - 15.11	9 and 10
Pathfinders	16.0 - 17.11	11 and 12

When youth members reach the age of 18 we hope to welcome them back as staff or Waywardens.

All children who camp with us are youth members of FSC until they are 18. Members are placed ahead of new applicants and priority for new membership is given to siblings of existing members. Children who have previously applied unsuccessfully are given priority over completely new applicants and most potential new campers will not be placed in the first year they apply. For new applicant, the most likely time for your child to be a successful applicant is when they are Elf age. Please check the age range of campers for each camp when applying.

CANCELLATION

If you have to cancel a place at a camp, please write to the Children Enrolments Officer, Forest School Camps, PO Box 3185 London SW18 3JG, children@fsc.org.uk giving the reason, as soon as possible. FSC does not insure you against cancellation. Holiday insurance (available from most travel agents and banks) may cover you against this risk. Such insurance could also cover loss or damage to a member's equipment, for which FSC cannot accept responsibility. Please note that the final decision on refunds rests with the Children's Secretary. If a child needs to leave camp early due to ill health it is their parent's / guardian's responsibility to collect their child either from the site or from hospital (a member of staff will stay with the child in hospital until their parent / guardian arrives).

INSURANCE

Forest School Camps takes responsibility only for the activities listed in this programme. Forest School Camps insures for its liabilities at law. While all possible care is taken to avoid accidents, Forest School Camps does not insure for personal accident or for loss or damage to personal property. Those who are not already insured for personal accident and for all risks in respect of personal effects may wish to make their own arrangements.

Forest School Camps is not able to insure you if you have not been permanently resident in the United Kingdom for 12 months prior to effecting the insurance. In such cases you must provide us with evidence of suitable cover affected in your country of residence.

CAMPER SUPPORT & AID FUND

No child should be unable to camp for financial reasons. FSC offers assistance with camp fees for one camp a year for families who cannot afford to pay the full amount. This may include parents who are students, on benefits or a low income and those whose circumstances change. In order to apply for assistance from the Aid Fund, please tick the box in the enrolment form and the Aid Fund secretary will contact you. The Aid Fund also has equipment, such as tents, sleeping bags, waterproofs etc. If you would like to borrow any equipment for camp please email fees.support@fsc.org.uk or write to FSC Aid Fund, Hill Row Causeway, Haddenham, Ely CB6 3PA

DONATIONS

FSC is very grateful to receive donations. This enables other children to enjoy the experience of FSC and for our kit to be maintained. If you would like to make a one off donation contact our Donations Officer: donations@fsc.org.uk If you would like to make your donation more tax efficient through the use of Gift Aid, or would like to make a regular donation by standing order, please visit our website and download the form.

DBS CHECKS

All FSC staff are required to have an up to date enhanced Disclosure and Barring Service (DBS - formally CRB) check, standard procedure for anyone working with children or vulnerable adults, before they can be enrolled on our camps. We continue to operate our own internal procedures to ensure the suitability of our staff, over and above the information obtained from DBS checks. We keep the process of DBS checking our staff under regular review. At camps where parents or guardians are responsible for their children (Associates, SaCC camps and Haddenham Stores) there may be adults who do not have a current DBS check.

CAMP FEE

Fees for each camp are listed with the individual camp details. FSC keeps the costs of camps as low as possible while taking into account travel, food and other expenses. Therefore fees may not always relate directly to the length of the camp. It is FSC policy that no child will be refused a place because they cannot afford the fees, although we do have to turn down applications due to the high demand for places. Fees include return fares from London, unless otherwise specified. If a child misses the escorted party it is the parent or guardian's responsibility to arrange his or her transport to the site at their own cost.

When you have been allocated a place on a camp we will write to you with the payment details.

This letter will detail how fees may be paid, including paying by instalments and rebates for those travelling independently to camp.

10% of this total fee is treated as a non-refundable deposit, to cover our administration costs, once you have accepted the place.

All Whitsun and summer camp fees must be paid in full at least six weeks before the camp. Easter and weekend camps must be paid before the camp starts.

'Mobilising for beginners'... This will be an ideal first experience for those tempted to taste the wild freedom of a mobile, yet with some of the reassuring comforts of a standing camp. From our base at the foot of Lord Hereford's Knob we will set out on a five-day hike through the remote Black Mountains, wild-camping as we go. We will travel very light, cooking communally on '©langia' stoves (an FSC invention) returning to site weary but cheery for sumptuous food, fires, and frolics to end the camp. Good boots, sturdy lightweight tents and waterproofs will be essential.

34 JURASSIC COAST

Camp Chiefs: Rad Wagon & Sue Brearley
Organiser: Karen Mautner
Dates: Sat 11th Aug – Fri 24th Aug
Age: 12 to 17.11
Fees: £460

Time to go dinosaur hunting along the Jurassic Coast. We'll seek them in the seas and rivers, over mountains and along valleys. To ease our feet and backs, wheels will take the weight as we cycle to our destination, returning each day to our friendly Stour valley site for a swim with the otters before supper. Note that this is a standing camp with daily cycling activities for everyone. We do have a few bikes available for those who don't have one.

Fees: £45

An opportunity for Trackers & Pathfinders (and staff!) who are experienced cavers to get comfortable with the caves in Wales, ready for the main camp. We also welcome any staff who are new to caving to come along and try it out. Please come prepared to learn.

42 AWESOME AUTUMN

Camp Chiefs: Caroline Whalley & Lucy Jaffe

Dates: Mon 22nd Oct – Fri 26th Oct

Age: 11 to 17.11

Fees: £140

Want to build something? Want to make some music or dance those trickier moves? Join us as we spend autumn half term making and doing in the woods at Danbury. If you thought tying bits of wood was just for kitchen furniture, think again. How about a trebuchet or a bridge? Fancy learning some tunes and arrangements? Bring your instruments, voices and enthusiasm! Let's make some music and dance to a live band. We will learn from each other as we build our community.

43 SOUTH WALES CAVING

Camp Chief: Molly Hopkinshaw

Cave-Coordinator: Ian Peachey

Dates: Tues 23rd Oct – Sun 28th Oct

Age: 9 to 17.11

Fees: £165

We shall spend a week in the wonderful Brecon Beacons, and use our time to explore both over and under the hills. Building on the success of our overnight walks on Dartmoor, we shall do the same in this beautiful area, spending one night camping out on the hills, and carrying the things we need. Not forgetting, of course, plenty of time spent visiting caves both familiar and new.

ASSOCIATE CAMPS & FAMILY CAMPS

Parents and supporters who become Associate Members of FSC receive news of FSC's activities annually and are eligible to attend weekend family camps especially for Associate Members and their families. The annual subscription is £10.

The weekend Associates Camps allow new child and adult campers with no FSC background to get a taster of FSC life and to decide whether camping with FSC is for them. For those who camped with FSC as children, former staff members and active members of staff with small children, they provide a continuing link to camp and an opportunity to introduce their families to FSC camping and to be part of a lodge.

Associate Members and FSC staff are all welcome at family camps, with or without their children. There is no age limit, upper or lower, and these camps are particularly suitable for very young children who may be camping for the first time. Supervision of children is the responsibility of the adults who bring them, and there is no

organised travel, allowing us to keep the fees to a minimum. Adults and children share in the communal cooking (clan), with food and cooking equipment provided by the camp. There will be many of the usual FSC activities like rally, singing around the campfire, games, walks, and whatever the site and our ingenuity can produce.

Forms for Associate Membership and to apply for Associates Camps can be found on the Downloads page of the website. Please note that these camps get booked up quickly, so don't delay in applying. Places are allocated first come first served basis. Please state your order of preference if you are applying for more than one camp. Please note that the camp enrolment process has changed this year so read the instructions carefully.

Note: Becoming an Associate Member or attending a family camp does not give your child any priority on the waiting list to attend any of our main camps

50 MAY DAY MAGIC

Camp Leaders: Jenny Willis & Liz Grayson

Dates: Fri 4th May - Mon 7th May

Site: Gelt Mill, Brampton, Cumbria

Come and join us for some May Day Magic near Brampton in Cumbria. Fires, feasts and fairies and lots of singing too! We'll hope for fine weather but have fun whatever. Hope you can join us down on the Banks of the (Ohio) River Gelt.

51 SINGTONS AT ASSINGTON

Camp Leaders: Dennis Picknett & Jane King

Dates: Fri 4th May - Mon 7th May

Site: Assington, Suffolk

This Mayday we will welcome in spring proper with a theme of food and music and mud. We will make Indian takeaways in the woods and pizzas by the pond (which we might swim in) and get our hands dirty making a cob oven which we will hopefully fire up and bake in. It could still be cool at night so for those who like to be toasty bring two sleeping bags. Do also bring your musical instruments.

52 TENTS & TENSIBILITY

Camp Leaders: Lucy Shepherd & Jan Holloway

Dates: Fri 4th May - Mon 7th May

Site: Rushall Manor Farm, Berkshire

Come one, come all ... and join us at Rushall Manor to welcome in the Merry Month of May! Your five senses are sure to come alive in our secluded meadow home. Smell the balm of a billion bluebells; open your ears to beautiful birdsong; treat your taste buds to our dreamy cuisine; touch the tops of the trees; see old chums and find new friends. Bring along your sixth sense - and be prepared for the unexpected. All ages are welcome. There will be woodcraft, music-making and a cèilidh.

53 MASSING AT ASSINGTON MILL

Camp Leaders: Adrian Matthews & Simon Glenister

Dates: Fri 25th May - Mon 28th May

Site: Assington, Suffolk

Over the years of camping at this site we have developed strong bonds with our generous hosts Anne and Bob. Work camps have helped manage parts of the site and the trees felled can be used for the kitchen fire that is at the heart of the camps we run here. The land supports and sustains us and in return we honour the land and aim to tread with light footsteps. Come for the joy, the company, the food and singing. We may even squeeze in a bit of light site work for those willing and able as well!

54 FAREWELL TO BORROWBECK

Camp Leaders: Liz Grayson & Jenny Willis

Dates: Fri 22nd June to Sun 24th June

Site: Borrowbeck

We are returning to the much loved Borrowbeck site for a weekend of walking, cooking, singing, country dancing and swimming in the river - meeting old friends and getting to know new ones. Sadly this is the last time we will be able to use this site for the foreseeable future.

FSC STORES

What is FSC Stores?

Haddenham is where we keep all our equipment. We send out around twenty tonnes of equipment every year and we unpack, maintain and repack at our site in Cambridgeshire. While we do so we sing, dance, laugh and play games; you can come join us. It's even free since FSC can pay reasonable travel expenses. We are always on the lookout for new volunteers, even if it's only the one weekend a year you can give. You don't even need to be FSC staff! 16-17 year-olds need the written consent of their parent or guardian in order to attend; an appropriate form is available on the FSC website in Downloads (or drag them along as well!). Children aged 15 and under must be accompanied by a parent/guardian, for the duration, as these work weekends are not staffed 'camps'. Four additional weekends a year are given over to maintaining our buildings, grounds and our lovely woodland, rather than the stuff you see in the field on camp.

How do I get there?

Escort is usually arranged from London Kings Cross every month, and there are regular attendees traveling from all around the country who may be able to offer lifts, or we can arrange to get you picked up from Ely station.

Who can tell me more?

For further information regarding the Stores weekends, please contact the FSC Stores Conveners Liz Ball, Cameron Kaye, Llewe Gore and Daniel Meekings at stores@fsc.org.uk Weekends run from Friday evening to mid afternoon on Sunday, please see camp timetable in the back of the programme for dates.

Please see other important dates on page 37 for dates.

HADDENHAM (HOUSE) AND FENWOOD

The 8.5 acre field we named Fenwood was purchased by FSC in 2005, as an extension to our existing 1.5 acre Stores Centre at Haddenham. In 2006 we planted the bare field with several thousand trees. The site has become an important wildlife refuge in an otherwise quite barren farming landscape. The created woodland is now used as a campsite and a training area to meet our educational needs. The stores site and its adjoining woodland have 4 dedicated weekends each year during which we manage the trees and fences and maintain the buildings. Help is always needed to ensure that the woodland matures into a valuable resource for FSC to camp and train in and the barns and workshops continue to support the equipment vital to the running of our annual programme.

Please see other important dates on page 37 for dates.

SKILLS & CONSERVATION CAMPS

Join us for activities ranging from coppicing, hedging, and pond management, to path laying, building bridges, constructing compost toilets and stiles, and even repairing and renovating farm buildings. We expect to build an island this year! No special qualifications are needed and it's a great opportunity to try your hand at something new or to hone existing skills. We also enjoy good food, good company and starry evenings around the fire.

These camps run on similar lines to small standing camps and make a good introduction to FSC for newcomers. Children under 18 are welcome with their parent or guardian; families bringing younger children are asked to include at least one adult per child. Supervision of children is the responsibility of their parents or guardians.

There are no camp fees except a small contribution to cover food, usually about £5 per day. There is also no organized travel, so attendees make their own way to the site. Full location details are sent out in advance and most sites are not far from public transport and a friendly lift.

Weekend camps run from Friday evening to Sunday afternoon. Bring your normal kit for camping, plus old clothes, work boots and gloves. Enrolments are normally managed in the four weeks before the camp, during which time we circulate those who have previously shown interest in attendance.

For more information and to enrol please contact the FSC SaCCs secretary by email: conservation@fsc.org.uk

THINGS TO CONSIDER BEFORE CAMP

Choosing equipment

Reasonably priced equipment is available from several high street camping shops – it is not necessary to invest in the best or most expensive equipment for camp, but do make sure that what you buy is fit for purpose. Very cheap discount equipment often does not stand up to the rigors of camp life and may leave your camper cold, wet and unhappy.

Labelling

All clothing and equipment should be indelibly labeled with the camper's name.

Packing

Involve your child in packing, limiting the number of bags to 3 – it is useful to line all bags with bin liners to ensure clothing and equipment is kept dry.

Tetanus

All campers should be fully protected against tetanus well before camp.

Ticks

Ticks are becoming more common on most sites. In areas where ticks are known, we are encouraging campers to wear long sleeved t-shirts and long or waterproof trousers tucked into socks to minimize risk of tick bites and tick-borne diseases, such as Lyme disease. Wearing insect repellants containing saltidin or citridiol which are available at chemists or outdoor suppliers, is also encouraged. Some insect repellents specifically mention that they are active in repelling ticks. All camps are provided with tick removers. More detailed information on this topic will be provided by your camp organiser and will be available on the web site.

Sunburn & Insect Bites

On camp we can be exposed to the elements and local mosquitoes. Please make sure that campers bring adequate, high protection sunscreen, well-protecting sun hats and insect repellent.

Alcohol, cigarettes and illegal drugs

Please ensure that your child does not bring any alcohol to camp.

Illegal drugs are not tolerated at camp and we ask you to work with us by preventing your child from bringing illegal substances to camp. If it is discovered that a child has brought illegal substances to camp we reserve the right to send the child home and to refuse to enrol him or her on future camps.

Can we remind parents and campers that it is against the law for children under eighteen to buy cigarettes or tobacco, or to smoke in public places.

Mobile phones

Please make sure that mobile phones and other devices are left at home.

Precious Items

Anything you bring to camp may get wet or dirty. Leave precious things behind if possible.

Further information

You will receive a pre-camp circular a few weeks before camp by email with further important information to consider before camp with your child.

CAMP KIT LIST

Please make sure your child is well prepared for all conditions. On camp we live out in the elements and need to be prepared for wet, cold and sunny weather. The kit list below is a guide for you and your child to ensure they are equipped appropriately for camp.

KIT LIST (Please also look at the more detailed information on the web site)

UNDER TENS

Our experience at camp convinces us that the under tens need extra underwear, socks and two pairs of pajamas (three for a fortnight). Waterproofs should be large enough for the tops to fit comfortably over several layers, and the bottoms to fit over wellingtons.

MOBILE CAMPS

Lightweight tents, cooking stoves, fuel containers and billies are needed. A tent should have a flysheet, a sewn-in groundsheet and should ideally weigh less than 1.5 kg per person sharing it. You will normally be expected to supply at least one of the above items, your camp chief will supply a complete specialized kit list and can advise you what to buy (or borrow). When packing for walking mobiles, all your kit (with some space left for food) must fit inside your rucksack. Strong, waterproof walking boots with Vibram soles, or similar, are essential; they must be comfortable and be well walked-in.

For canoeing mobiles, your kit has to be packed into several small waterproof bundles. Kitbags (maximum size 80cm by 30cm diameter) and a small frameless rucksack are best; anything larger will not fit into a canoe.

On cycling mobiles, all your kit must fit inside your panniers and saddle bags (leaving some space for food!).

LIFE JACKETS

We make it a firm policy that life jackets or buoyancy aids are worn when children are canoeing, sailing or rafting with FSC. We will provide them. Our policy is not to wear buoyancy aids when narrow-boating.

NEW STAFF

If you are over 18 and you think FSC sounds like your sort of organisation, do give us a try. We can't offer much in the way of money – just expenses – but the good company of like-minded adults of all ages keeps many people coming back year after year. Some of our best staff are recruited by children returning from camp and urging their parents to join in the fun.

We provide training in practical camping skills and also make sure that each camp has a balance of new and experienced staff so that each person can continue 'learning by doing'. If you enjoy the open air, the company of children and being part of a community, come along to a weekend training camp, find out what's involved and see whether you enjoy it. Parents often have much-needed experience in child care, whilst younger staff have more energy for games and activities. Training camps last for two or three days (generally over a bank holiday), and run alongside a regular camp. Before being offered a space on a training weekend, we require that trainees have completed an enhanced Disclosure and Barring Service (DBS – formally CRB) check, standard procedure for anyone working with children or vulnerable adults.

For more details on the process of applying to be a member of staff with FSC, check out the page on our website – http://fsc.org.uk/parent/new_staff.htm

You can also email new.staff@fsc.org.uk

NEW SITES

We are always keen to find new sites. If you have, or know of, twelve acres or so of land, which would be suitable for a camp please contact new.sites@fsc.org.uk

CONTACTS

All our workers are voluntary and help Forest School Camps in their spare time. While every effort is made to deal with enrolments and correspondence promptly, some delays are unavoidable. Please only write to or email our officers; do not try to telephone them.
